HEALTH AND SAFETY MATTERS

Andy Nicholson
Managing Director
HuTech Ergonomics

***'Fitting the Job to the Person –
ergonomics in practice'***

Andy Nicholson is a Principal Consultant ergonomist and Managing Director of Hu-Tech and has worked with many corporate clients to assist them to develop ergonomics strategies and programmes. He is a Principal UK Expert on CEN and ISO committees preparing standards on applied ergonomics and is frequently called as an expert witness in ergonomics by the UK courts.

Andy has co-authored the book *A Guide to Manual Materials Handling, published in 1993 with a 2nd edition in 1997*, which is used as a reference text in a number of countries, and he co-edited the book *Health, Safety and Ergonomics*, originally published in 1989.
